Sentence Lackie to 2 years in jail

by GLORIA DAVIS

Rodney Lackie, 19, Great Lakes sailor who pled guilty in Lake County Circuit Court to two charges of reckless homicide, was sentenced to two years in prison in the Illinois Dept. of Corrections, by Judge William Block, on Thursday, July 15.

His bond revoked, Lackie is in Lake County Jail until he can be remanded to a prison in the state system.

The prosecuting attorney, Asst. States Atty. Michael Duffy, who had asked for the maximum sentence of three years in prison for Lackie, said, "We are really pleased that he received a substantial prison term."

The sentencing hearing took an hour and one half, with a psychotherapist, Judith Turnbull, brought in by Lackie's lawyer, telling the court that Lackie was in need of intensive treatment. He has been seeing her since February.

Lackie pled guilty to causing the death of Ann Brierly, Glencoe, and Lilach Shazar, Wilmette, when his vehicle ran the stop light at the intersection of Rtes. 83 and 173, striking the car the girls were passengers in. The accident happened over a year ago.

Lackie had been charged and admitted to injecting alcohol and drugs just before the accident.

Antioch Police Chief Charles Miller, who was present at the sentencing because his department had done extensive investigation on the case, said, "I really thought he would get probation even though his previous traffic, drinking and drug violations were documented."

Miller added that he thought the intensive coverage on Lackie's case and others by the media was largely responsible for the sentence, adding that he thought it would cause stricter law enforcement in future similar cases.

Business doesn't stop despite July 17 fire

by LINDA ADAMS

The doors of Galdine Electronics Inc., 896 Anita St., Antioch, are open despite a July 17 fire which did considerable smoke and some structural damage to the building and contents, according to Antioch Fire Chief Charles Maplethorpe.

Maplethorpe said the fire was caused by an apparent malfunction in a heating unit located in the north end of the building.

Maplethorpe said, "They make circuit boards for small computers. They heat up these treatment vats to make the circuit boards and something went wrong with the heater and set the building on fire."

The fire call was transmitted as a burglar alarm to the police station, according to Maplethorpe. When the police responded to

the call, they found the fire in progress and notified the fire department. Maplethorpe said the fire department got the call at 5:26 a.m.

According to Maplethorpe, the firefighters had the fire under control within a half hour and spent an additional half hour cleaning up the building and making sure the fire was completely squelched.

There was no estimate made on the damage caused to the building. Maplethorpe said most of the monetary loss to the company was caused by damage to the circuit boards.

Approximately 30 Antioch firefighters responded to the early morning call. The Lake Villa Township Fire Dept. was standing by.

No one was injured during the blaze. The firemen used caution, however, while working near some unknown chemicals located near the fire.

Mike Galdine is the owner of the business, which is located in the Sequoit Industrial Park and John Blackman is the owner of the building.

Rodgers will hatch White Hen

A new White Hen Pantry is scheduled to open on the northeast corner of the intersection of Rtes. 173 and 59, using 2,400 feet of space formerly occupied by Candlelight Galleries.

The owners and operators of the new store will be Don and Sally Rodgers of Antioch who have scheduled the opening for August 7.

A representative of White Hen said the Village of Antioch has okayed everything so far and the company is in the process of obtaining the final licenses and permits.

The store will feature deli-selections, produce, bakery goods, dairy products and groceries as well as beer.

The projected annual income for the store is \$500,000.

Representatives of White Hen approached the village several months ago with a proposal for opening a store and received a favorable response. The last month was spent looking for a franchise holder.

Antioch cops nab thieves

It was evidence of a bleeding wound that led the Antioch Police Dept. to check at area medical treatment centers, resulting in the apprehension of two Antioch males suspected in the burglary of Pickard China on Tuesday, July 13.

Early that same morning the Antioch Aqua Center was broken into and some stereo equipment and \$50 in cash were taken.

On the same evening Pickard was broken into and small office equipment was taken. After a check with St. Therese Trauma Center, Lake Villa, the police arrested Mark A. Manouton, 18, who was treated for a cut arm there.

After implicating James R. Boreran, 17, he and Boreran were charged with burglary and remanded to the Lake County Court for arraignment.

Dump expansion foes to picket public hearings

The Coalition of Concerned Citizens (CCC) against the Antioch dump expansion will reportedly picket the Lake County Board hearings at 6:30 p.m. July 20 at the Antioch High School, where the fate of the Antioch dump site will be determined.

Fred Johnson, a CCC spokesman, emphasized that "this is the last practical opportunity for area residents to demonstrate their opposition to the proposed Antioch dump site expansion."

After the hearings are over, the county board members will decide whether or not the dump expansion will be permitted. "We of the CCC hope by now that most of the area residents understand the magnitude of the dump related problems that could face Antioch and surrounding communities should Waste Management succeed in expanding their dump site," he added.

"During the past six months over 95 percent of all area residents the CCC contacted have expressed their fears about the proposed dump site and their wishes to stop such an expansion," he added.

Tuesday, July 20 will begin the hearings where every citizen will have the opportunity to express his or her feelings by addressing the board members or by just being present. "We hope each and every resident will take the time to attend the hearings," Johnson stated.

"Research tells us that once a dump site starts to leak or otherwise threatens the health and welfare of area residents, it can take years of court battles to even begin to cure the problem. By then, the damage is done," he emphasized.

Johnson goes on to say, "Our studies have

uncovered situations all across the country where this has already happened. The time to act is before the dump is approved."

Johnson concluded by stressing that "the CCC has made every conceivable effort to inform area residents about the potential hazards they face should this dump be expanded. We hope everyone will now make the effort to attend the board hearings and let the county board members see first hand that Antioch will not stand for another dump."

Democrats Meet

The Antioch, Lake Villa, and Newport Democratic Party (District 6) met at their monthly meeting on Wednesday, July 14.

The guest speaker was Bill Pitts who is the Democratic candidate for the State Senate. Plans were made to help in the upcoming Stevenson-Stern extravaganza to be held August 15 in Libertyville.

Plans were also made to help the Concerned Citizens group in Antioch in its fight to control the growth of the Antioch dump site. The next general meeting will be held at 7 p.m. August 11, at Ron and Pat's Pizza Shack.

Students 'exchange' foreign experiences

by GLORIA DAVIS

The Rotary International foreign exchange student program is still busy sending American students to foreign countries to cement foreign relations, and also importing foreign exchange students so they can spread the good word for the U.S.A.

The Antioch Rotary Club is busy importing and exporting students, as was evident at its luncheon meeting on Thursday, July 15, when five students involved in the program talked to the group.

Anne Kittilsen, who has been visiting Antioch for the last year, will be on her way back to Norway at the end of this month.

She stayed with Mr. and Mrs. William Durell from her arrival until Christmas, then was the guest of Rev. and Mrs. Charles Miller, the pastor of St. Stephen's Lutheran Church. She will be staying with her present "exchange parents," Edna and Eric Schlosser in Lindenhurst until her departure.

The Schlossers' two daughters, Tanja and Andrea, both Antioch High School students, are also very involved in the foreign-student exchange program.

Tanja has just returned from a 10 and one-half month stay in Chiba, Japan, near Tokyo. It wasn't until her return that she met Taka in Antioch, who is from the same town that she visited.

Andrea will leave for Hamburg, Germany, at the same time that Anne and Taka head for home, at the end of this month.

Christine Forster, another Antioch High School student involved in the program, has just returned from a year in Columbia, South America.

All the students, although they spoke the language of the country they visited before they left their homeland, seem to have acquired a beautiful working knowledge of their adopted country's tongue.

Anne and Taka both do very well with English. Anne reported how thrilled she was with the winter sports she had indulged in while visiting Antioch.

Would you believe, despite her Nordic heritage, she did her first downhill skiing and snowmobiling in Antioch.

She added that the greatest difference between teens in her land and American teens was the way they dated one person.

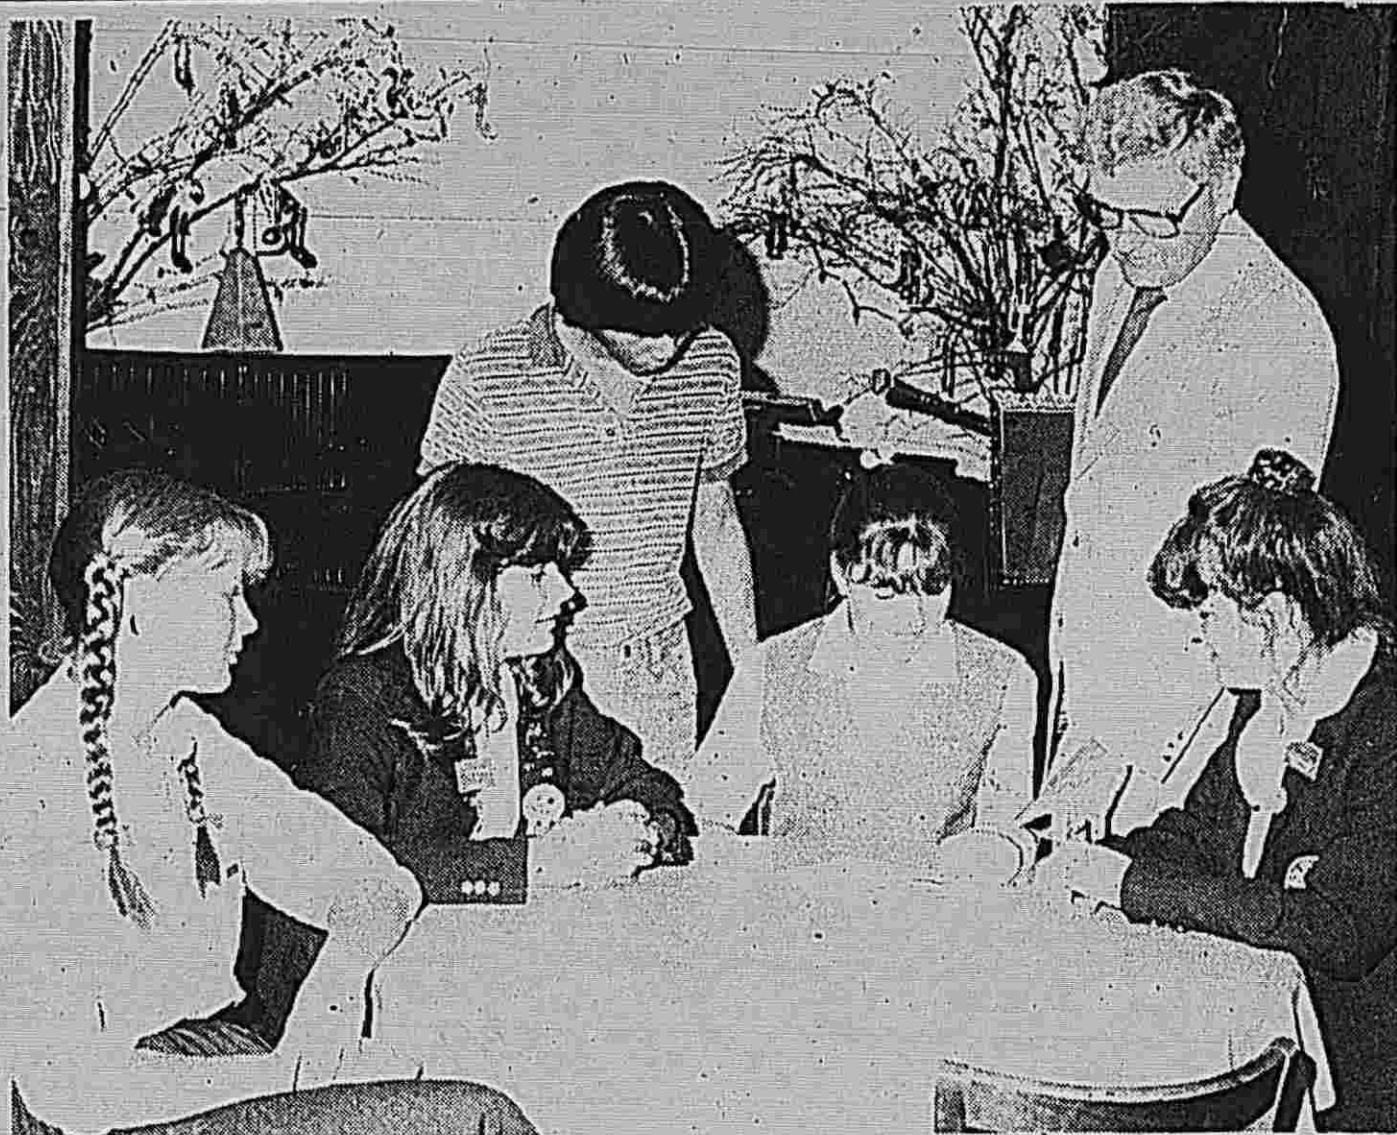

"In Norway we always go out in groups or are with the opposite sex strictly as friends," she said.

"The kids are not as clannish in Japan as we are here," Chris said of the Columbian teens.

"Everything is completely different in Japan and it was hard to get used to at first," said Tanja, who now speaks Japanese fluently.

The village in Germany that will host Andrea's visit, coincidentally is where her grandmother lives.

All were outspoken in their praise for the Rotary Clubs and this "once in a lifetime chance," that they received through them.

Seek entries for county golf meet

Antioch golfer Dave Witek earned a playoff berth in the national finals of the In-

urance Youth Golf Classic to be held at Bear Creek Golf World in Houston, Texas.

The nationals will be held August 5-10.

The first 18 holes of the Illinois tournament for Witek yielded scores of 38 and 39 on each of the nine holes for a total of 77.

The second day's play was cut to nine of the scheduled 18 holes due to rain with Witek shooting 36.

The 113 27-hole total placed Witek 11 strokes behind Chuck Fiser, the winner, who shot nines of 35-32-35 for a 102 total.

I'LL HAVE THREE OF THOSE — Young visitor to Antioch Chamber of Commerce and Industry's Arts and Crafts Fair had purse in hand but seemed confused by wide array of wares.

When I think about it Being female is costly

by GLORIA DAVIS

Though I was not one of those gals whose day was completely ruined when Illinois put down the ERA Amendment recently, I will admit that I have my own personal list of male supremacy gripes.

We've all heard the old clichés, "It's a man's world," and, "It's always the woman who pays."

I'll admit that neither of these epithets stir any militance that might be laying dormant in my soul, most of the time that is.

Like when I overhear remarks like, "They gave her the job because they wouldn't dare offer any of the guys that were up for it a salary that low."

We all know that cases like this are not isolated. I don't know who makes me madder, the chauvenist employer or the gals that accept these demeaning salaries. But, then again, do most of these girls have a choice?

If they demanded salaries commensurate with their talents, would they be told that these demands were too much?

Quote, "We could get a man for that kind of money."

When I was managing a clothing store and the Christmas shopping rush was upon us, I was given orders from headquarters that women would be charged for gift wrapping and men would not.

The reasons given were that men could not be expected to do "women's work" of gift

wrapping and besides, "the guys spend more."

The current conflagrations in Lebanon were negligible in comparison to the scenes that took place at the cashier's when both a male and female were handed their wrapped packages at the same time.

And it still irks me that I had to pay to have a new pair of slacks hemmed last week when my husband had just brought some new slacks home which the store was most happy to cuff gratis.

Now I ask you, since the price of my pantsuit was in the same ballpark as my husband's suit, how can this happen?

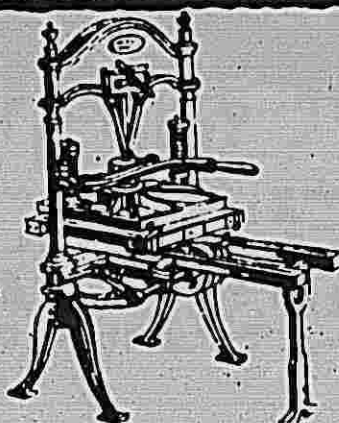

Don't give me that sewing is women's work, the best designers and tailors are men.

And when it comes to the wedding scenario, tell me why the florist tosses in the groom's boutonniere for nix and his is the free tux, especially when the bride's parents are expected to foot the bulk of the bill?

Did I hear someone say, "That's because he's going to be paying for the rest of his life."

Not true in this age when a large percentage of women contribute 35 to 75 percent of the family income.

Oh well, despite these injustices, I still prefer the feminine side of life, and as Marilyn Monroe once said, "I don't mind being in a man's world as long as I can be a woman in it."

The Time Machine

FIFTY YEARS AGO: July 21, 1932

Four teenage boys from out of town were fined \$1 each and court costs for stealing 80 loaves of bread from the local A&P.

Sportsmen were yelling "racket" in reference to the wholesale law enforcement on the Chain-O'Lakes wherein fisherman were being levied with heavy fines for minor infractions.

The News ran a menu, complete with recipes, for a \$2 company dinner for six.

You could tell it was vacation time as the social column of the News was extra long because the list of who was visiting who grew and grew.

The News ran a classified ad offering money to loan on first mortgages.

THIRTY YEARS AGO: July 17, 1952

The State Bank of Antioch ran an ad telling how women could not have their own bank account in 1848.

The Antioch Lions Club sent out 3,500 letters asking for donations to help complete the financing of the rescue squad building next to the old fire house.

A local resort owner was badly beaten by three motorcyclists.

The top model Buick was priced at just a little over \$3,000.

TEN YEARS AGO: July 26, 1972

Developer Tom Santino breathed second life to his country club project when he announced that a limited number of family-type homes would be built while he was awaiting a court ruling on the planned development.

Mike Murrie and Bonnie Weyland were wed.

Kathy Haase, Violet Meuter and Terri Corey were some of the 4-H sewing winners.

Kim Fischer was chosen to represent Antioch at the Illinois Miss Teenager Pageant.

Dena Fabry and Jim O'Connor were starring in the PM&L Theater's production of "Junk."

Also attending the reunion were family members from California, New Mexico, Louisiana, Indiana, and Arizona.

SILVER FILLINGS

Q: I heard that silver fillings contain mercury. Can this mercury harm me?

A: Dental "silver" is an alloy containing several metals — actually more mercury than any other metal. In addition to mercury and silver, dental AMALGAM also contains tin, and may contain zinc, copper, and other metals.

Mercury is indeed toxic, so it is reasonable to ask how dentists can use it in their patient's mouths. The answer is that other metals bind to the mercury so that it can't be absorbed into the body. There are no known cases of mercury poisoning from fillings, no matter how many fillings are placed in the mouth.

Dentists work with mercury and mix dental amalgam; they are in more danger of mercury poisoning. Unfortunately, cases of mercury poisoning among dental personnel are still fairly common. The wise dentist practices good mercury hygiene to protect himself and his staff.

New truck to alleviate fire hydrant shortage

by LINDA ADAMS

The Antioch Township Fire District Board voted unanimously to accept the low bid from Peter Peirch of Kenosha for the purchase of a 2,500 gallon portable water supply, according to Frank Benes, secretary of the district board.

According to Benes, the board decided to purchase the additional truck "because of the shortage of fire hydrants in the district."

Benes said the truck will relieve any transportation of additional water during fires which use a large amount of water. Water

shortages could force the Antioch firefighters making trips between fires and the village water supply to provide needed water, or finding access to and using the water from the many lakes in Antioch Township.

Six bids were received for the truck. Benes said the truck should be received within 10 months.

The money which will be used to pay for the truck was saved over prior years and will not be an additional expense to taxpayers, according to Benes.

Board annexes three parcels, adds 148 acres

by LINDA ADAMS

Two annexation petitions which have been considered by the Antioch Village Board for the past three months were approved by the board July 15, according to Shirley Gutowski of the village hall.

The two petitions—134 acres owned by the R.C. Coil Co. and 10 acres owned by Richard Burnett—had been discussed in relation to annexing around and encircling the proposed 30-acre site for the new HOD landfill in the Sequoit Industrial Park, which would allow the village to force annexation of the proposed site.

The two annexations were taken into the village with no plans of development discussed for either parcel.

Also annexed into the village were 4.1 acres of The Country House property in Antioch.

The board voted to increase the number of Class A liquor licenses to provide one for each 800 citizens to allow the board to issue the license—which allows for a tavern with late hours and costs \$600—to The Country House. The restaurant/tavern had a similar license when it was located in unincorporated Antioch Township.

THE Entertainer

O'Neills secrets revealed in 'Wilderness' script

PM&L Theatre will open its contribution to the Antioch Theatre Festival, Eugene O'Neill's comedy "Ah, Wilderness!" on Friday, July 23 with an 8:30 p.m. curtain.

Subsequent performances will be Saturday, July 24; Friday and Saturday, July 30 and 31; and Friday and Saturday, Aug. 6 and 7, all at 8:30 p.m. and a matinee at 2:30 p.m. on Sunday, August 1.

Thoughts of home and the family circle are among life's choicest treasures. As time goes on this nostalgia grows on us and all other thoughts are pushed aside so that we may more fully indulge in these fragrant retrospections.

When a dramatist such as Eugene O'Neill takes such a subject for his theme, we may well be assured that a fine play will be the

result. "Ah, Wilderness!" is a doubly attractive since it reveals a hitherto unsuspected phase of America's leading playwright.

Reservations should be made at (312) 395-3055. Ticket prices are: Adults: \$4; senior citizens, \$3; students, \$2. Those who purchased the advance sale green passes are reminded to make reservations to assure yourself that you will get a seat the night you want to attend.

PM&L would like to remind everyone that a special dinner/theatre package is available with the Village Pub in Antioch. Call (312) 395-3373 for Pub reservations. PM&L Theatre is located at 877 Main St. in Antioch.

'Papa's Picture' doings an On Cue mystery

What did Mama do "Under Papa's Picture?" The answer to that question will be revealed at The Country House Dinner Theater in Antioch.

On Cue Production's performance of the hilarious comedy by Joe Connelly and George Tibbles will open Friday, July 30, and run the entire month of August on Friday and Saturday evenings and Sunday matinees.

The story evolves around a young married couple, John and Janice O'Connell, played by Phil Jaeger of Zion and Donna O'Donnell of

Lake Villa.

John is a very prim and proper, young and nervous junior executive. His job is his life.

The action begins when his mother, played by Anne Marie Cina of McHenry, comes to visit and brings a surprise package. Another surprise occurs when an Italian painter arrives on the scene, played by Don Crop of Mundelein.

Lyn Kessie, the director, of Richmond, says the chaotic comedy will have you rolling with laughter.

On Cue adds theater

Borre's Restaurant (formerly Crescent Bay Landing) of McHenry has announced the establishment of a new dinner theater.

This is to be in addition to the presently running "Social Security and Sensible Shoes" which has been running afternoons for six months in its current engagement.

The new dinner theater operation will take the form of a concession to On Cue Productions, the area's newest dinner theater company, with Borre's providing the dinner and On Cue Productions producing the theater.

The theater company has stated their intention to produce only comedies because "A few good laughs after dinner is a great aid to digestion," according to Lyn Kessie of Richmond, one of On Cue's producers.

As if to prove their statement, On Cue's first production for Borre's is "Chapter Two" written by the acknowledged master of light comedy, Niel Simon.

This production, directed by Jou Jones of Round Lake, will bring most of the cast from On Cue's original Antioch production to Borre's: Frank DiMarco of Zion as the

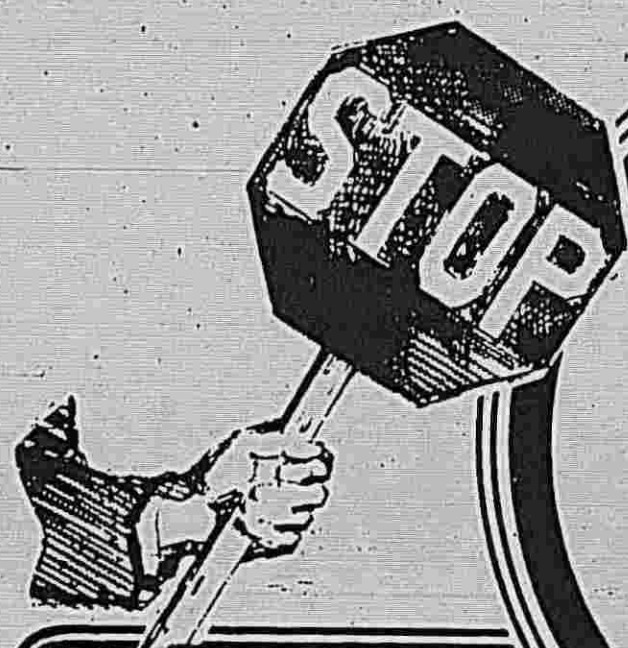

widower who's not sure he wants to start over; Priscilla Gwin Stollenwerk of Waukegan as the divorcee who is sure she doesn't; Larry Bersie of Antioch as the widower's "make out" brother who tries to slow them down; and the new member of the cast, Yvonne Alton of McHenry as the friend who can't wait.

This play will begin performances on August 5 with shows on Wednesday, Thursday and Friday evenings and Sunday afternoons. There will be no Saturday performances.

No buttons sold after July 31

As of July 31, the Antioch Parks and Recreation Dept. July Fourth Button Sale will be over.

Anyone wanting to purchase one can pick one up at the parks and recreation office at 875 Main St. in Antioch.
